Mr. Atterbury is counted upon by the administration to have a large influence at the railway executives Administration leaders said they

expected spirited debates in tomor-row's session of the executives but that the final result would be reluctant acceptance of the President's proposals. It might be according to administration advisors that the executives would go on record as against accepting the proposals and yielding to the union demands for waiving the men's seniority rights, but place themcelves in position of yielding un-der protest to a virtual "order" from the president. At the same time it was thought probable that while at the hospital. He is im-proving at this time. not they, themselves were respon-sibl for waiving the seniority question.

PHILADELPHIA, July 31 .-Dewitt Cuyler, head of the rail-road executives organizations said today that "it is not true" that the railroad employers had given assurances that they would sup-port President Harding's proposals for an immediate ending of

CHICAGO, July 31 .- (By the Associated Press).—Strike lead-ers were arriving from all parts of the country today for Tuesday's meeting called to consider President Harding's plan for a settlement of the railway shopmen's strike and hopes were expressed that the men would be back at many hofers the end of the week work before the end of the week.

The position of the striking shop employes was expressed by A. O United

Whatton, labor member of the United States Railroad Labor Board, who, declared, "if either Board, who declared, "if either the railroad executives meeting in New York Tuesday or the shop crafts policy committee meeting in Chicago should reject Mr. in Chicago should reject Mr. Harding's peace proposal, the group that rejects it would face this sate, it was announced total full responsibility for continuation of the rail strike and all that might result there from."

this sate, it was announced total this sate, it was announced to the sate of t

The union leaders, however, expressed the belief that the peace plan would meet with the strong-est possible opposition from railest possible opposition from rail-road executives attending Tues- SUGGESTS TANK TO day's meeting in New York at the call of T. Dewitt Cuyler. They expressed the belief that the president's plan would be accepted finally, but only after a bitter struggle based on the refusal of about one mile above the junction many roads to consent to the restoration of seniority privileges to the strikers.

asseried, however, that the gen-eral outlines of a settlement had been agreed to last week at con-at the end of the sewer and the ferences between President Hard-ing and Mr. Cuyler, Bert M. vestigation showed this to be exact Jewell, head of the striking shop by the case.

"If peace had not been in sigh on both sides," he declared, "neither would have consented to the separate meeting to consider a peace proposal submitted by the president of the United States, because neither could afford to be placed in the position before the public of bearing the responsibil-ity for a continuation of the walkout through rejecting the president's plan. The seniority question, which

sight. He asserted that a satisfactory solution of the difficulty which would fully protect the right of the strikers and the new men and yet would yield full justice to those who by remaining at work had helped to be a supplementation of the strikers. A supplementation of the strikers and the new men and yet would yield full justice to those who by remaining at work had helped to be a supplementation of the strikers. A supplementation of the satisfactory which will be covered and fitted with proper manholes for maintenance be emstructed in the ravine just back of the B. & O. Rail had helped to keep the nation's ommerce moving would be found.
One of the plans under consideration, he said, would return penis ation, he said, would return penis-ion privileges and seniority rights to the strikers, but would rank them on the list behind those who remained loyal, and the new men to receive the new rank to which they were entitled to by actual

He said that this would not conflict with any promises made to new employes and would be in line with settlements reached in other railway strikes.

In railway circles, it was asserted that any settlement would insist on a return to work by the men under the reduced wages put into ef-fect by the labor board on July 1, pending a re-hearing. The question of national or regional adjustments boards, it was said, might be put before Congress, while the roads would yield on the main grievance at issue by agreeing to the abolish-ment of outside contracting for shon work.

Disorders in the strike showed a
